

N.A.M.A.S.T.E.

NAMASTE (Nepal Monaco Cultural Association) was created in 2009. The goal of the Association is :

- to promote the Nepalese culture in Monaco (and across Europe)
- to improve the living conditions of the Nepalese people, more particularly in the fields of education and health, to support projects for economic development implemented by the villagers, while ensuring their autonomy and the environment are respected
- and more generally speaking, to promote, encourage and facilitate activities that are likely to develop ties between Nepal and Monaco.

Thanks to the incredible chain of solidarity created in Monaco around several initiatives, we have been able to implement, in a short time, concrete projects for the Rigaon people, in particular women and children (school, community clinic, training for women?)
